# Editorial Staff

For almost 2 years the GRAPEVINE has been coming to you under the direction of a male editor, but when bigger and better opportunities than editorships came to view we lost in succession Bill Harris and Vernon Vine. Women have been called upon to fill a variety of vacancies, so it is not surprising that one is your new editor. The type and volume of news covered by the GRAPEVINE will be substantially the same as it has been, for the news comes from you, the readers, through your reporters. We will strive to maintain the standards by which your GRAPEVINE was produced in the past; with your cooperation it can be done. (A.N.)

## News From Field And Camp

### LETTERS FROM OUR MEN AND WOMEN IN SERVICE

S/Sgt. Mary G. McBride. It is 4 o'clock in the morning and I am on duty at the watch desk. I was made Staff Sergeant yesterday. It is rather nice as I get a few privileges, open gate and private quarters. I increased my bond allotment and am putting money in the Marine Bank. I love my work although I do have quite a lot of responsibility and am kept busy all the time. I get a yen to sit down to a switchboard once in awhile and sometimes I wonder if I will ever do that work again. Right now I think I would like to continue with my link work, but one never knows.

H. T. Mason, A/S. This is God's country, but it's been leased to the Navy for the

duration, and anyway, I've been either too busy or too exhausted to see any of it. The Navy is gradually making of me (against my wishes, I assure you) a passable imitation of a sailor. Among my many new accomplishments I now can send and receive messages by semaphore (at the rate of about one word every 5 minutes); know how to tie 12 different knots (and even how to untie some of them); know how to wash my clothes the hard way, and also how to shave, take a shower and dress in 17 minutes (this should be helpful when I return to civilian life); and have a speaking acquaintance with some 5,367 regulations. I can also gripe about all of it in the best Navy manner.

Margaret O. Ellefson, A/S. Yes! I'm in Hunter College. There were 40 girls leaving from Kansas City. We were escorted to St. Louis by a yeoman 2nd class. The food is pretty good and I'm always hungry. We have our GI shoes and galoshes, too....Being tall has its disadvantages, I have found out since I have been in the Navy. I am Squad Leader. If I only knew how to "Hup 1-2-3-4." I'm Column Right. Last night 15 from our Section went to the concert. We heard Harrison Potter, a pianist, Conrad Thibault, the baritone, and a soprano. It was very enjoyable, especially Thibault. Next week we have a chance to see the Eddie Cantor show. I hope this will give you an idea about life aboard the Good Ship Hunter. After 2 weeks of "Boot" I can truthfully say I love the Navy....Today is a day I shall never forget. I wore my uniform

for the first time and also marched in my first Regimental Review. I always enjoy hearing my name read at mail call.

Pvt. Mable P. Grazier. We have K.P.-B.P.-C.2.-Fatigue Detail-Squad Detail-Guard Duty and Gigs. Oh, gee! It's an endless circle. When we first arrived we would no more than get a pen in our hand until they'd holler Group 6 on the double. If you put on an overcoat it should have been a raincoat and vice versa. There are no words to describe the predicaments you can get into. I daresay Pvt. Peterson has told you how the flood waters delayed us about 6 hours. Anyhow we got into Des Moines or at the outskirts about 2:00 a.m. But it seems as though in order to get to the depot it is necessary to go forward and then back up at least six times before you're on the right track. I saw the Capital building at least that many times and was beginning to wonder just how you got the train stopped when the engineer called a halt. Later we were signed in and were assigned beds.

We were informed that we had exactly 10 minutes to get ready and into bed. That was at 4:00 a.m. and we were to be up at 5:15. You should see us scramble into those upper bunks with the sheets tied down...You never knew what was coming next. You fall in and out so much and change clothes so often that I now know how a paper doll must feel. It's a bustle and hustle to keep up the pace. I'd appreciate hearing from any and all of you at any time.

#### OUR WASHINGTON REPORTER

Tony Albamonte, USCG, has been to sea and dropped in while on furlough en route to New York to see some shows. LaVerne Meyer and her sister Helen Colling were in to say hello, while Helen is here on vacation. Paul Rapp breezed by briefly to see us also. We hear that Herbert W. Mumford has taken a job with the Department and have seen him around here a few times recently - so it must be true! Pearl Spicknall has heard the call to colors and joined the WACs - is now at Ft. Oglethorpe, Ga. Mr. Duggan, Mr. Arnold, Mr. Esgate, and Mr. Lindsey have been in the Washington office recently. (It's good to see the FCA officials - keeps us in touch.)

Mary Mathis, Grace McGuire, and Edith Saxton were seen lunching together the other day - Edith looks wonderful - looks like being a lady of leisure really agrees with her. Ruby Hanson is

leaving us - going to Office of Production on June 1. Edna Woods' assignment with the State Department is to Martinique and she leaves within the next few weeks. Good luck, Edna...After spending about a week in St. Augustine, Florida, with the SPARS, your Washington Reporter begs to report that Nell Mellott and Polly McCoy really have a grand place to work - and an equally nice place to live. To say nothing of the SPARS Beach Cottage on the ocean - and even the "chow line" is fine - all in all I think I'd like to join up! P.S. Nell says hello to all the gang out there.

A recent letter indicates that Charley Stewart, one time Deputy Governor of the FCA and at another time President of the Federal Intermediate Credit Bank of Omaha, has accepted a position with the Mutual Life Insurance Company of New York to make a study of the farm mortgage situation and to develop plans for their probable entrance into the farm mortgage field.

#### VERNON VINE LEAVES F.C.A.

Vernon Vine, whose work as editor has made the Grapevine an outstanding employee bulletin, and whose erudite letters to his Ma have brought smiles and tears, has left us to join the staff of THE FARM JOURNAL, in Philadelphia.

If we had his gift for words, we might adequately express our deep appreciation of the contribution he has made to every phase of activity of the Farm Credit

Club. His contribution was great and our appreciation is in proportion. We all join in wishing him the best of success. (J.D.C.)

#### AUDITORIUM BOOKLET

Would you like to show the folks back home just where you work? Would you like to have a souvenir of Kansas City's Municipal Auditorium for yourself? Would you like to keep Kansas City fresh in the mind of some FCA'ers now far off in the armed forces?

A handsomely printed 42-page magazine-size booklet, illustrated on nearly every page with views of the Auditorium, inside and out, tells the story of the Municipal Auditorium. Do you know how much the Auditorium costs? Do you know the seating capacity of the arena? Do you know the original size of the Exhibition Hall, which now houses Farm Credit? What is the "jewel" of the Municipal Auditorium.

You will find the answers to these questions, and many other interesting facts and views of the place you work, in this booklet.

Orders for copies, at 25 cents a piece, may be placed with Maxine Lehman at the information desk in the 14th street lobby.

### ATTENTION VICTORY GARDENERS!!

The Victory Garden Committee has arranged for discounts ranging from 15 to 25 percent on individual purchases of calcium arsenate, nicotine sulphate, rotenone mixtures, hydrated lime, and other dusting or spraying materials. Discounts will also apply on purchases of dusting and spraying equipment. Adequate supplies of these materials and equipment are available at present.

The Planters Seed Company, 513 Walnut Street, Kansas City, Missouri, offers these discounts to all FCA employees upon presentation of their Farm Credit Club membership cards.

\* \* \*

Literature on pest control and the use of insecticides has been provided by the Extension Service and is available to all gardeners at the reception desk in the 14th Street Lobby.

### ATTENTION! ALL FARM CREDIT CLUB MUSICIANS

Your Club is willing to sponsor and make arrangements to accommodate a choral group or voice culture class. Any member who likes to sing and can 'carry' a tune is welcome. Let's get started. If you are interested, send your name to Waverly Haynes, Room 2149

### CLUB HELPS IN HEALTH PROGRAM

The Farm Credit Club provided the hemoglobonemeter and pipettes which are being used in tests now being given to determine nutritional anemia among the employees. Employees are taking advantage of the opportunity for a check on their health, which is made without cost to them. In those cases where there is definite anemia, employees will be called to confer with Dr. Keeling about suggested treatment.

### REMEMBER YOUR RED CROSS PLEDGE

M. J. Fraile, surviving chairman of the 1944 Red Cross War Fund Drive, reports that a number of FCA employees who made pledges have evidently forgotten that their payments are overdue. Please try and get your payments up to date so that our June remittances to the Kansas City chapter will show them that we have not forgotten the FCA men and women who are carrying on for us.

Payments may be made to Mr. Fraile in room 2149 and will be received at any time during office hours.

# Willy

Dere Ma:

We don't know what's holding up Willy's letter unless it's just that he's terribly fascinated with his new position and home. At any rate, we're just as anxious as you are to hear from him - but for this week, we'll let you in on Aunt Aggie's letter to Willy.

Your FCA friends.

GOOD LUCK, WILLY!

Dear Willy:

I have just learned via the GRAPEVINE that you are leaving soon for the big City - and I do mean big! Do you know that Philadelphia covers more territory than New York? That's because it's more spread out; you can still see the sky there. And you know, they call it the City of Brotherly Love. But don't let that fool you; the brothers may love you, but the sisters scramble for the seats on the El.

They do have a fine police force. If you ever get lost, just walk up to a policeman and tell him you are lost. From then on you'll have a police escort. They don't want anything lost in Philadelphia.

Willy, we're going to miss you a lot. You've been one of our staunchest allies,

and we've come to depend on you whenever we faced a problem. You always helped us out. And the nicest part of it was that you always did it cheerfully. So, Willy, when you have any spare time, drop us a line. We will always be interested in your welfare.

Our best wishes go with you.

Sincerely,

Aunt Aggie  
(And I do wear shoes.)

## ATTENTION ALL YOU "SHUT INS"

Is your work day spoiled while you sit in the coolness of an air-conditioned, windowless building and worry about your Victory garden, wondering whether it is baking in the sun or being washed away by a cloud burst? If so, here is the answer to your problem:

Just pick up your phone and ask for extension 191 or 264. The Property and Supply Section in the Annex will be happy to give you a report on what is going on in the "outside" world. Here's to fair weather ahead! (V.P.)

## ATTENTION

For 8 or 10 days after the present supply of orange pop in the Clubroom has been exhausted, we will have only the Royal Crown because of the shortage of bottles.

## GOLF

The Men's Annual Medal Play Golf Tournament got under way in good style last Sunday with a few of the contestants crossing up the handicap committee by turning in sub-par (with handicap) rounds. However, these flashes still have another eighteen to play so the committee will offer no immediate apologies. With good weather in prospect this week end, a majority of the first round matches will be played affording a better slant as to the ultimate winner. The trophy for this event, appropriated some years ago by the Farm Credit Club, has been lost and the Club will offer a new one to be retired by the winner of the current tourney. As soon as all contestants have paid their entry fee, the prize list will be posted on the 14th Street bulletin board.

\* \* \* \*

FCA girls will begin their second year of golf with a 36-hole medal play tournament at Armour Field. Entries have been filed by Vivian Anderson, Pat Clark, Dorothy Dick, Alma Franklin, Eileen Hague, Leanne Haslup, Helen McCabe, Sylvia Mehaffy, Louise Morgan, Rozella Reiff, Pat Ross, Norma Shreve, and Delta Vaughn. The girls have been given handicaps and will start play June 1. Prizes will be awarded for low net score

(first, second, and third), low gross on first nine and low gross on second nine. Watch the chart on the bulletin board in the south lobby for the scores chalked up by the girls.

## SOFTBALL

May 18. In their second practice session, 29 girls showed increased enthusiasm. Four teams were selected and they engaged in 2 practice games. At this time, batting and fielding were emphasized. Each player showed improvement and with more encouragement should develop into championship material. May 25: The last practice session before the opening league game was attended by 32 girls, who made up the 4 teams for the 2 games that were played. With the league opening June 1st, it is hoped that all the girls who have expressed willingness to play will come out and assist their teams in winning top honors of the league.

## MEN SOFTBALLERS TO PLAY IN KANSAS CITY FEDERAL LEAGUE

The FCA men softballers have entered the Federal Softball League of Kansas City and will open the season on Thursday, June 8, against a team to be determined by a drawing next Tuesday. A nine-game schedule will be played and the winning team will be presented a trophy and individual championship pins for each team member. If FCA is to make a good showing in this league, we must continue to have good turnouts on the part of all men FCA'ers who can hold a bat and don't mind using a little liniment the

following day. Call Manager Beauchamp on extension 175 today and ask him to put your name down to play with the coming champions of the Federal League.

### THE JOY OF WALKING

What can walking do for me? First, it provides exercise for the whole body, variable in intensity and duration as desired, exercise which anyone can do at any time of day or year, alone or with others, without special equipment, at little or no expense, usually in clean fresh air, sometimes in sunshine, and with numerous additional attractions. It will strengthen weak arches, will reduce weight, and tone up flabby muscles. It will put a sparkle in your eye and a glow on your cheeks (without cost).

The art of walking consists of walking in rain, fog, or snow, as well as on clear days or by moonlight. Some of its most beautiful moments are in storm. It consists of knowing what to eat and drink, and how to prepare and consume it, alone or with others; the names of flowers, their structure, their odors, and how they grow; the names of birds, their flight, their virtues and their vices; how the earth is made, its hills and valleys, its rocks and soil. But most important is companionship, all sorts, cheerful or glum, bright or dull, active or lazy, skillful or clumsy, bold or timid. Of all such is the art and pleasure of walking. ### HIKE - UNITY FARM - JUNE 11

On Sunday, June 11, Farm Credit Club hikers will again visit Unity Farm, where we spent such a pleasant day last spring (1943). The farm, located 16 miles southeast of Kansas City, contains 1,300 acres including orchards, vineyard, greenhouse, plant nursery, vegetable garden, chicken houses, flour mill, dairy, cider mill, sawmill, rock quarry, and rock crusher. Other points of interest that we shall visit are the campanile, golf course, tennis courts, hotel, swimming pool, amphitheater, and terrace tea room.

Bring midday lunch, including something to drink and something to roast over an open fire. Wear hiking clothes and low-heel shoes, as the going may be rough in spots.

Buses of the Holden-Kansas City line will leave at 9 a.m., from the bus depot at 917 McGee Street and will return at 5:30 p.m. Round trip fare is 75 cents. In order that ample transportation may be provided, those planning to take this trip should telephone Miss Bernice Meuers, extension 188, before noon on Friday, June 9.
